

# How to find Business Proactive

## Area Map

We are located just off the B576 (old A6) between Desborough and Market Harborough.

From the A14 exit, Junction 3, head onto the A6 towards Desborough and Market Harborough.

Go straight over the second roundabout.

At the third roundabout turn right towards Desborough Industry, and we are located on Eckland Business Park about 500 yards on the right.

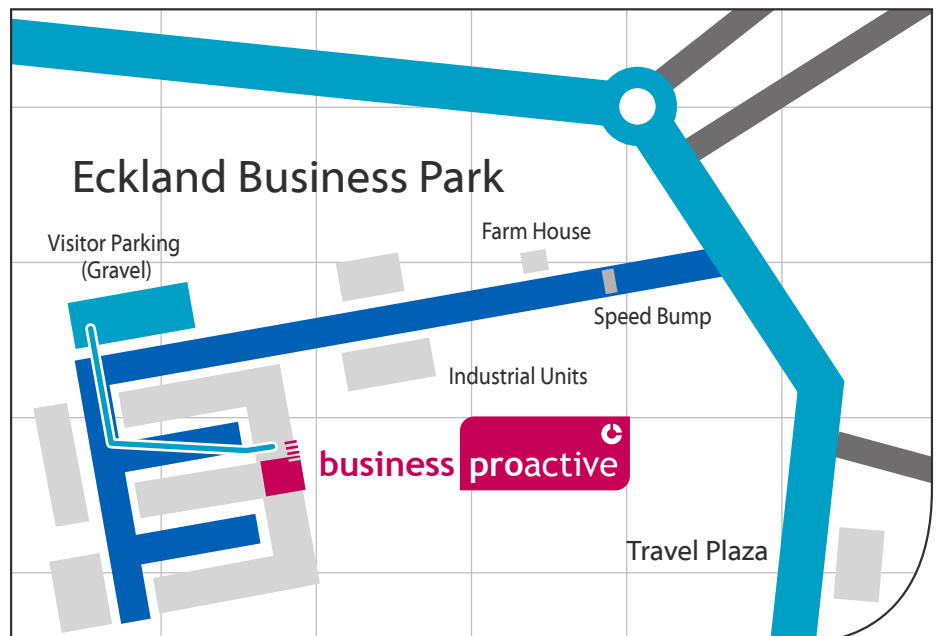

## Business Park Map

After turning into the business park, continue past the farm house and industrial units to the car park at the bottom to the right.

Then follow the indicated path to Business Proactive, which is located in a first floor building at the top of the stairs as shown.

We look forward to seeing you!
