

# How to find Business Proactive

## Area Map

We are located just off the B576 (old A6) between Desborough and Market Harborough.

From the A14 exit, Junction 3, head onto the A6 towards Desborough and Market Harborough.

Go straight over the second roundabout.

At the third roundabout turn right towards Desborough Industry, and we are located on Eckland Business Park about 500 yards on the right.

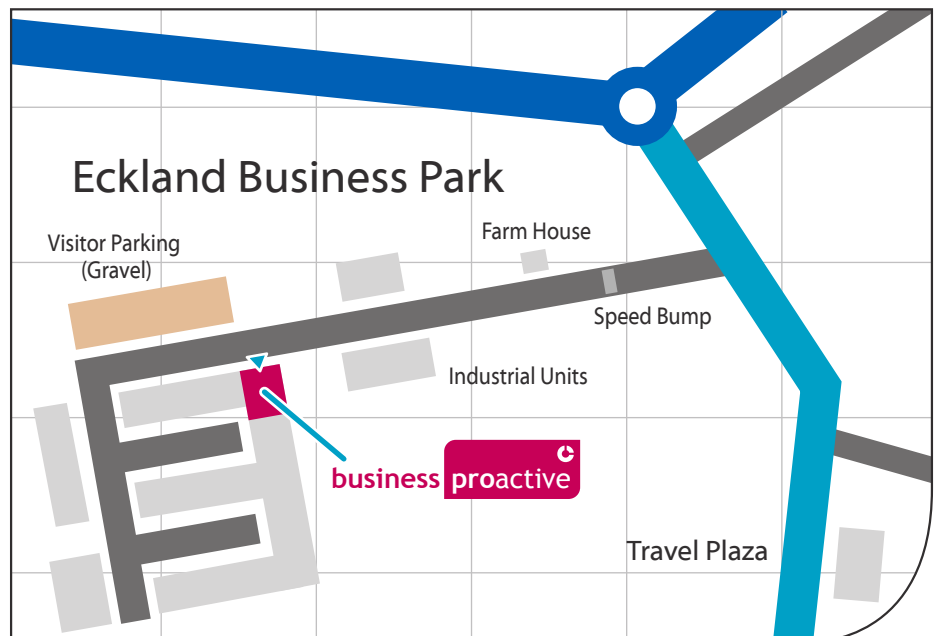

## Business Park Map

After turning into the business park, continue past the farm house and industrial units - Business Proactive is the glass-fronted building you will see to your left.

Visitor parking is provided in the gravel car park to your right.

We look forward to seeing you!
